Goshawk flew over us, swiftly and silently, like a gray phantom. We made our way back to the YMCA and spent the afternoon learning important ornithology skills, such as photography and

### **Vol. 45, No. 3 GOShawk - gos.org**

The Northern Goshawk is the bigger, fiercer, wilder relative of the Sharp-shinned and Cooper's Hawks that prowl suburbs and backyards. It's an accipiter—a type of hawk with short, broad wings and a long rudderlike tail that give it superb aerial agility. These secretive birds are mostly gray with bold white "eyebrow" stripes over ...
