

healthcare card systems eurocards pdf

The adoption of a European health card aims to guarantee a quick and easy access to health and insurance data and to create an integrated system to overcome all the differences between Member States'™ healthcare policies.

A EUROPEAN HEALTH CARD - European Parliament

A study carried out by the European Commission (EUROCARDS action) has shown that in many European countries thinking of introducing the smart card in its health systems, the card was not considered as an isolated object in itself but as a technology linked to within a more global system of communication. EUROCARDS recommends the following order of priority for cards : 1. administrative cards ...
