Lavender is a light purple. It applies particularly to the color of the flower of the same name. The web color called lavender is displayed at rightâ€”it matches the color of the very palest part of the lavender flower; however, the more saturated color shown below as floral lavender more closely matches the average color of the lavender flower ...

Lavender (color) - Wikipedia

Purple is a color intermediate between blue and red. It is similar to violet, but unlike violet, which is a spectral color with its own wavelength on the visible spectrum of light, purple is a composite color made by combining red and blue. According to surveys in Europe and North America, purple is the color most often associated with rareness ...
