The chemical industry is growing. By 2035, the market is expected to reach around 6.5 billion dollars, more

than double what it is today. Shorter product lifecycles, difficult access to raw materials, and high customer demands pose tremendous challenges for chemical companies.

Increased competitiveness for the chemical industry

Welcome to the first national meeting of the Swedish Chemical Society! The meeting brings together more than 450 persons from all directions of chemistry represented within the society and offers a program of top plenary lectures, exciting specialized parallel sessions and plenty of room for interactions with meeting participants and exhibitors ...
