course, analyse the incentives and rewards in European pharmaceutical legislation. Competition law is an important factor in the pharmaceutical sector. One application area is collusion (e.g. pay-for-delay schemes). However, a review of the impact of competition law falls outside the scope of this study. INPUT BY STAKEHOLDERS During the course of the study, all input, including comments and ...

Study on the economic impact of supplementary protection

Description : Partnering is increasingly adopted in both Europe and the UK in order to overcome the adversarialism which is often associated with traditional forms of contracting for construction projects. This adversarialism is often the result of a lack of commercial alignment between all parties involved in a project. Alliancing is a project-specific form of partnering which is ...
