description of Western philosophy per se, not just the critical philosophy of Immanuel Kant. Is Is not the philosopher, by profession, the paradigm instance of the truth-teller in Western society, a

### **A QUESTION OF TWO TRUTHS? REMARKS ON PARRHESIA AND THE**

Truth is one of the central subjects in philosophy. It is also one of the largest. Truth has been a topic of discussion in its own right for thousands of years. Moreover, a huge variety of issues in philosophy relate to truth, either by relying on theses about truth, or implying theses about truth.

Cristian Nae / Interpretive Truth and Interpretive Validity 87 artworks seems to suggest that an ontological "obscurity" lies at the core of any visual artwork.

### **Interpretive Truth and Interpretive Validity: Remarks on**

There are different kinds of truth, and we can discover the truths of different propositions in many different ways, for example, truth as correspondence, truth as coherence, truth as what "works" etc.

## **The Different Theories of Truth and Error in Philosophy**

Specific remarks supporting this commonplace view of truth are found throughout Nietzsche's work: "It is in the final analysis the sense for facts that is the mark of the higher culture" (Human, All Too Human 2).

Chapter 1 Philosophy of education Introduction Some people think that the philosophy of education is the most important aspect of teacher training. Others claim it is so far removed from classroom practice that it is a waste of time. This chapter begins by explaining the value of educational philosophy before identifying three major philosophical categories "ideas, experience and ...
