Download PDF EPUB The Paradox Of Democratic Capitalism

Readers question: Why cannot politics and economics be seen in isolation? Economics is concerned with studying and influencing the economy. Politics is the theory and practice of influencing people through the exercise of power, e.g. governments, elections and political parties.

The relationship between economics and politics

The Political Economy of Capitalism1 Microeconomics is the study of how markets “the usual defining institution of capitalism “ coordinate decentralized decision making through a price mechanism to bring supply and demand into equilibrium. In this time-tested perspective, capitalism is a largely self-regulating economic system in which the proper role of government is limited to providing ...
